Ballance Game Download For Pc

The app is designed to play like an arcade game, with a focus on player progression rather than competitive gameplay.

Each level contains a series of ballance and bounce mini-games that must be completed in sequence. Once a bubble is completed, the bar will fill up to add another bubble. When a bubble is completed, it will change color from yellow to purple and act as a checkpoint for the next round. As more bubbles are cleared, the tension and gameplay level will increase. If the bar is emptied, the bubble game will be over. If it is filled with bubbles, the whole level will be completed. If the bar is emptied while the bubble game is in progress, the game will be over, regardless of what the last bubble was when the bar was empty. There are 26 levels with 5 bubble mini-games on the first 26 levels, and 9 bubble mini-games on the later levels. The bubble games are: Bubble Smash - 500x500 (all

bubbles removed), Bubble Break - 1400x1400 (all bubbles removed), Bubble Spin - 2500x2500 (all bubbles removed), Bubble Chain - 3500x3500 (all bubbles removed), Bubble Line - 1800x1800 (all bubbles removed), Bubble Line Endless - 10000x10000 (all bubbles removed) Currently, there is no new version of Ballance Game for Pc for download in our database.
